### **SCHEDULE AND CONTACT INFORMATION FOR DEVELOPING SUPPLEMENTAL ENVIRONMENTAL PROJECT PROPOSAL(S) IN RESPONSE TO ADMINISTRATIVE CIVIL LIABILITY COMPLAINT NO. R6T-2005-0029**

On July 26, 2006, the Regional Water Quality Control Board, Lahontan Region (Water Board) continued its public hearing regarding the above-referenced administrative civil liability complaint. The purpose of the continuance was to allow the Dischargers and Water Board's Prosecution Team additional time to attempt to develop a Supplemental

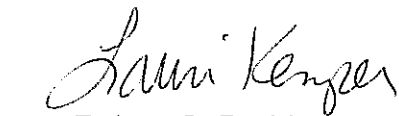

Environmental Project (SEP) proposal that was acceptable to both the Dischargers and the Water Board's Prosecution Team. Such a proposal would then be brought before the Water Board for its consideration at its October 11-12, 2006 meeting. Below is the schedule that must be followed in order to allow the Water Board's Advisory Team, the public and interested parties adequate time to review and comment on a SEP proposal, before presenting it to the Water Board for its consideration.

Action	Completion Date
Dischargers submit draft SEP proposal(s) to Water Board's Prosecution Team	August 9, 2006
Water Board's Prosecution Team provides written comments on draft SEP proposal(s)	August 16, 2006
Dischargers submit final SEP proposal to Water Board's Prosecution Team	August 30, 2006
Water Board's Prosecution Team circulates SEP proposal with recommendation for acceptance or denial for review by the Water Board's Advisory Team, the public and interested parties	September 8, 2006
Continue public hearing	October 11-12, 2006

Enclosed is a list of agency contacts that can assist you in identifying and developing potential SEPs. This list also includes some project names that you may want to explore as possible SEPs. The inclusion of project names is based upon Water Board staff limited conversations with other agency staff. In no way should the list of project names be construed as an indication of Water Board staff acceptance.

Good communications will be a crucial element of this effort. If you have any questions or comments regarding or during this process, please contact Scott C. Ferguson at (530) 542-5432, or me at (530) 542-5410. In our absence, please contact Eric J. Taxer at (530) 542-5434.

  
for Robert S. Dodds,  
Assistant Executive Officer
